## AV & PRESENTATION NEEDS

*Below is a checklist that will ensure the best audience experience of Angus's program. **Please share this list with your Meeting Planner and AV Contact Person.** If you encounter a challenge with any of the following requests, please contact us right away so that we can fix it in advance of your program.*

### **As part of the engagement, the Client and the Speaker agree to the following terms:**

- The Client will provide the room setup and necessary audiovisual equipment including a wireless, lavalier microphone
- The Speaker and Client will meet at least 60 minutes prior to the Event for an A/V and sound check, unless mutually agreed otherwise. During the sound check, the Speaker will also meet with the person introducing him. Speaker's introduction has been provided in both written and video form for the Client; video is always preferred.
- During the presentation, all podiums, chairs, stools, stands, etc. should be moved to either side of the stage. The Speaker does not use a podium during the presentation, other than to hold his laptop, if required by stage setup.
- If the presentation is being held during a meal, it is preferable that food consumption is over and that all dishes are cleared prior the presentation.
- Angus's programs are very interactive and engaging, please try to fill the seats in the front of the room for energy
